7. Candidates qualifying as above shall become eligible for the post of shekdar, the first appointment being ordinarily made on the occurrence of a vacancy.

In exceptional cases, however, Government reserve to themselves the power of directing that a candidate after appointment but prior to confirmation, be allowed to obtain either of the qualifications mentioned in clause (*c*) or clause (*d*) or both, of Rule 6.

8. As it is necessary that a person so appointed should be trained in practical surveying before he is confirmed and actually put upon the duties of shekdar, the following course of instruction is prescribed :—

(1) He will be attached to a Measuring Establishment for one Field Season, eight months or less in special cases, for receiving practical instruction.

(2) As a test to his qualification, he should obtain a certificate from the Officer in charge of the Measuring Establishment to which he is attached, that he is competent to execute ordinary chain and cross-staff measurement and knows the Measuring Rules.

(3) In very exceptional cases, where the candidate deserves it, the Officer may grant a certificate after a training of not less than four months.

(4) When the number of shekdars to be trained is too large to admit of their being attached to Measuring Establishments, some of them may be attached to District Surveyors, who may also grant certificates in the same manner as officers in charge of Measuring Establishments and such certificates may be accepted.

9. In the case of candidates who are already in the service of Government, or who have been nominated as fit for the post of shekdar under these rules by the Deputy Commissioners of Districts or the Revenue Commissioner, and to whom it has been considered expedient to allow the benefit of the proviso to Rule 7, an allowance of one-half of the pay of such shekdars shall be granted during the period of their stay, not exceeding one term, in the Engineering School at Mysore to qualify themselves, as required in clause (c) of Rule 6, and they shall be admitted to the Engineering School as free scholars. A similar allowance shall also be given to candidates attached to Measuring Establishments of the Mysore Revenue Survey, as required by Rule 8, while so attached.

The concessions allowed by this rule shall be in operation only for such period as Government may from time to time direct.

10. Promotions from the third class to the second class, and from the second to the first shall be regulated in the following manner :—

(1) Till the maximum number of vacancies is filled up in each class, two years' efficient service in a class of a shekdar qualified as above will entitle him to promotion to the next higher class ;

(2) when the full number of shekdars in the first and second classes is appointed, promotion will be regulated by vacancies occurring from time to time, and will depend upon the comparative merits, qualifications and services of men in the lower classes.

11. No shekdar that does not qualify himself as herein laid down shall be entitled to the pay of any of the new classes, but shall get only the pay to which he is entitled under the old rules.

12. The following duties can be performed by shekdars :—
